

# MOSAIC SILVICULTURE

## CONTENTS

ABSTRACT

PREVIOUS REVIEWS

PROPOSAL

A Good Old Crisis  
Did You Ever Have To Make Up Your Mind  
Biofuel Primer  
Ethanol Butanol & Beyond  
Biofuel Heating (Direct Combustion)  
What Do We Know & When Did We Know It?  
Why - Mosaic Silviculture  
Who - Is Going To Do All This  
What - Kind of Trees  
Where - Eucalyptus & California - A Love Affair  
Provenance (Region) Testing  
Hybrid Eucalyptus  
Biofuel Forest Management  
Harvest And Refining  
Viability of Purpose-Grown Fuel Crops  
Economics  
Pelletized Fuel  
Land Acquisition - Be Creative  
Public Land  
Private Land  
Victory Forests  
The Modern Sharecropper  
Relevant Legislation  
The Team  
Demonstration Plantation  
Conclusion  
Trees Like Dogs

TABLE - COMPARISON OF FUEL WOOD ENERGY WITH  
SOLAR PHOTO-VOLTAIC AND WIND TURBINE SYSTEMS

TABLE - (MAP)CULTIVATED EUCALYPTUS FORESTS WORLD-WIDE

APPENDIX A - STAFFING AND ANNUAL EXPENSES -BUDGET

APPENDIX B - GLOSSARY

APPENDIX C - REFERENCES & LINKS

APPENDIX D - BOARD OF ADVISORS

APPENDIX E - PLATES

APPENDIX E - SELECTED READINGS (excerpts)

National Biofuels Action Plan - Dept. of Energy  
Eucalyptus in California - USFS, Pac. SW Research Station  
The Eucalyptus in California, Santos, U.C. Stanislaus
